

FAMILY VOLUNTEER PLAN for the _____ FAMILY (2010-2011)

Our commitment to quality education requires your commitment to volunteer. Your efforts enrich your child's experience at school. We have been blessed with energetic and enthusiastic volunteers, many of whom far exceed the required 30 volunteer hours each year. Many important opportunities are available in your child's classroom, such as being a class representative, working on lunch duty, and directly volunteering in the classroom. Your child's teacher will provide information on each classroom's specific needs. This FAMILY VOLUNTEER PLAN helps match your talents and interests with important, school-wide programs that are vital to our school community. Any donation of your time or talent is greatly appreciated! We request each family to complete a volunteer plan and return it to the school office by **SEPTEMBER 7, 2010.**

PLEASE CHECK any of these in which you have an interest or an expertise.
